Five Convicts—Case Reversed—Died Suddenly—Shooting at Morton's Gap—Railroad Sale—Col. Hewlett Dead.

Prisoners at a Festival.

A negro festival at Hubbardsville one night this week was the occasion of a "fight and skull" fight between Geo. Larkin and Page Settle, in which Larkin was so badly beaten that Settle has disappeared to await the result of his injuries. Lewis Catlett, the door-keeper of the festival, on Wednesday had John Williams and Bud Fruit arrested, charging them with having held him up and robbed him of the receipts after the affair was over, amounting to \$3.55. Judge Breathitt, however, did not think there was anything in the case and turned the prisoners loose. Hubbardsville is a negro suburb, where such affairs are of frequent occurrence.

Revival at the Baptist Church.

Services began last night at the Baptist church, conducted by the pastor, which will probably be continued a couple of weeks. On Monday night Dr. W. H. Felix, of Lexington, Ky., is expected to arrive to aid the pastor ten days or more. He is an able and earnest preacher and pastor of a large church at Lexington, Ky. Pastor Nash earnestly desires every member of the church to be present regularly and punctually unless providentially hindered. He will conduct the services until Dr. Felix arrives. Service begins at 7:30 p. m. All are cordially invited to be present.

Landed Here in Prison.

Deputy Sheriff E. P. Williams, Jailor W. T. Williamson and Constable W. T. Brane went to Edwille Wednesday, having in charge five prisoners convicted at the present term of Circuit Court. Following is a list of their names, offenses and terms: Leo Alexander and John McIntosh, house-breaking and robbery, 3 years each; Ed Sternburg and Frank Howard, robbery, 2 years each; and Nace McReynolds, hog stealing, one year. The first four are white, and the last one is a negro. Messrs. Williams and Williamson visited Mayfield before their return, but Mr. Brane got back the same night.

An Important Reversal.

The Court of Appeals has reversed for the second time the important case of W. F. Cox and wife vs. Robt. Armstrong, from this county. Messrs. J. B. Allenworth and W. W. Clarke represented Mr. Cox, who sued to recover \$2,000 wrongfully collected from him and for \$5,000 damages for diverting him of the title to real estate. Attorney John Feland, who originally represented Armstrong, was to some extent interested and the case has gone through so many stages of litigation that it has been much complicated. The reversal is a victory for Cox's side. The late Judge Grace rendered the decision that was reversed.

Died in Front of His Fire.

Mr. Samuel Russell, an old gentleman well known in this city, died very suddenly of heart trouble at his home four miles east of here Tuesday night. He had been complaining of not feeling well for some months, and laid down on a pallet before the fire to rest. When he was called for supper he failed to respond and an investigation revealed the fact that he was dead. Mr. Russell was 70 years old. The interment took place Wednesday near Antioch church.

Judge Breathitt's Release.

After being free from fever for a week, Judge James Breathitt had a relapse some days ago and has continued to grow worse until he is now as critically ill as he has ever been. His condition is not regarded as hopeless, but he is a very sick man and is much weakened from his long illness. It is now impossible to predict the outcome of his sickness.

Little Boy Injured.

Hugh, the seven year old son of Aquila Blanks, of Otter Pond, while running and playing a few days ago, fell and struck his head against a goods box, inflicting a dangerous wound. The little boy was unconscious for a time and his recovery was thought doubtful, but it is now believed that he will recover.

Back From the Army.

Weber Underwood, of Kelly, who enlisted in the U. S. army in 1891, has served out his enlistment of five years and is back at his old home. He was stationed at Brooklyn, N. Y. He will probably go back and enlist.

These seem to be dark days for the Bradley boom. The Calloway county Republicans declared for McKinley yesterday, and the First ward Republicans of Louisville join the Ohio man's procession.

CIRCUIT COURT.

The Week Taken Up With Civil Suits—A Heavy Verdict.

The most important case tried this week was the damage suit of C. S. Veach against the L. & N. Railroad for \$10,000. Veach was a brakeman and happened to an accident while coupling cars at Earlington by which he had three fingers cut off. He sued the Railroad, alleging carelessness on the part of employees, who backed the moving car too suddenly. The road claimed that Veach's misfortune was due to his own carelessness. Bush and Howell represented the plaintiff and McCarroll the defendant. The case was hard fought and closely argued, but the jury protedged by a had one for the railroad and returned a verdict for \$3000, after being out a short time. The case will be carried higher by the L. & N., if the motion for a new trial is overruled.

D. L. Johnson vs. A. H. Clark, verdict for plaintiff \$75.

Mary Bell Winn vs. Willie Winn, divorce granted.

Ab Brown vs. Mary Brown, divorce granted.

H. W. Breathitt was appointed an examiner for Christian county.

Death of Col. Hewlett.

Col. J. R. Hewlett, one of Princeton leading citizens and a prominent lawyer, departed this life at his home in this city Monday March 23, aged 62 years, three months and eleven days. Funeral services will be conducted to-day at 10 o'clock by Rev. J. L. Leman.

Col. Hewlett was born in Hopkins Co., Ky., Dec. 11th, 1833, and has lived in this section of country all his life, receiving his education in this county and was a graduate of the college at this place. He was a teacher in the college for a time. He served a term in the legislature of this state, and at one time was County Superintendent of Schools. Since arriving at the age of manhood he has been prominent in the business life of the city of Princeton. Col. Hewlett's reputation as a member of the bar was widely recognized and was built on his natural ability for such work.

In the death of Col. Hewlett the members of the bar lose a worthy member, his wife a loving husband, and the city a leading and influential citizen.—Caldwell News.

Col. Hewlett was a brother-in-law of Mr. Buckner Leavell, of this city, and was well known here.

The "Track" to be Sold.

Louisville, March 23.—The Louisville, St. Louis and Texas railroad is to be sold within the next sixty days. A decree to this effect was entered in the United States court this morning by Judge Barr on the complaint of the Central Trust company, of New York, which holds \$3,500,000 of the first and second mortgage bonds of the company.

This road has been in the hands of a receiver for several years. Col. Atilla Cox filling that position. It is said the reorganization committee is preparing to buy the property.

Shooting at Morton's Gap.

Earlington, Ky., March 23.—A shooting scrape took place last night at Morton's Gap, a small town south of this place, in which Gabriel Stokes was perhaps fatally injured by James Guy. The two men fell out over a piece of land.

Stokes cut at Guy with a knife, when Guy drew a pistol and shot him in the mouth, the ball ranging up his throat.

Stokes' recovery is doubtful. Guy has fled. Both men are well respected.

Trial Set for April 7.

Newport, Ky., March 23.—Jackson and Walling were arraigned to-day for the murder of Pearl Bryan, both pleading not guilty.

The denunciations of the indictment were overruled. Judge Helm granted their motions for separate trials. Stokes will be tried first, on April 7, and his attorneys were notified that no further continuance would be allowed.

Lookout For a Heist.

Frankfort, Ky., March 25.—The State Board of Equalization has completed the preliminary work on the Assessors' books from each county, and it is estimated that the assessment of property, as reported to the State Board, is \$20,000,000 less than the equalized assessment of 1895. Nearly every county may expect an increased assessment, as it is under stood that the Board expects to bring the property of the State up to what it was last year.

Flowers for Joe.

Washington, March 23.—Senator Blackburn was to-day presented with the biggest floral display ever seen in the Senate. It was intended to buy him a silver service, but the subscription fell short of what was wanted. The Senator was warmly greeted by members on both sides of the House.

THE C & C. G.

REVIVAL OF INTEREST IN THE CAIRO RAILROAD.

Projector J. A. Neale and Baron De Courcier and Other Capitalists Going Over the Route.

Hon. B. A. Neale, Judge L. B. Anderson and Mr. W. L. Landrum, of Mayfield, Mr. E. A. Green, of New York, and Baron De Courcier, of Germany, were in the city two or three days of this week, making a tour over the proposed route of the Cairo and Cumberland Gap Railroad, from Cairo, Ill., to Middleborough, Ky. In 1888 Christian county voted a subsidy of \$200,000 to this road, but as the O. V. subscription was voted the same day, both were knocked out by the Court of Appeals. Our people were then and are still very much in favor of this line, which would be a line 330 miles long through a fine section of agricultural, mining and timber country. It would be a great through line from Norfolk, Va., to St. Louis, Mo., and would be an ideal road in every respect.

Mr. Neale has been at work on the project for years and has at last succeeded in interesting Baron De Courcier, of Germany, who is immensely interested in the project. He has come here to investigate for himself, and finding that there was no survey of the route has agreed to wait until one can be made in the field during the night, as the young men were very much posed to going to jail.

On Wednesday they appeared in court and Judge Phelps asked them to bail in the sum \$1,000 each. They gave their father, Mr. John B. White, as bondsman. The prisoners belong to one of the best families in the Lafayette vicinity. They have a brother-in-law, Mr. W. W. Fugate, living in this city. Judge Phelps was seen by a representative of the Kentuckian and the story he tells is about the same as that given by our Lafayette correspondent. Judge Phelps is recognized John White Jr., as one of the men at his window. Both of the Whites stoutly assert their innocence and that they retained C. H. Bush to defend them.

The Knoxville Journal, in a sketch of the thriving town of Mossy Creek, East Tenn., makes this complimentary mention of Mrs. Dr. Phillips, wife of the Baptist pastor, who is a native of Pemroke to that place. Besides her professional men and women, who are to a unit courteous, elegant and refined, she is one of the home of three literary women whose names are not unfamiliar to magazine and novel readers in this section. Mrs. Phillips is a most interesting family; Mrs. John C. Phillips, who writes under the non de plume of Merle Murrie, is a regular contributor to the Christian Observer, and several story papers have from time to time published her short sketches of romance and real life; Mrs. Lucy Day Phillips, who has recently moved to the South, is well known throughout the South by her interesting writings. Most of her published matter has been in serial form in well known periodicals, but she has one novel on the market and another ready for the press. Mrs. Phillips now occupies the chair of English literature in the college, is president of the Shakespeare and Author club, and at her home entertains often and delightfully.

Sinking Fork Happenings.

Sinking Fork, Mar. 23.—The discussion of the Rev. Fred Whittemaker at the Brick church last Sunday morning, held the strictest attention of a very large congregation. The subject was selected from the book of St. Mark and it was treated in a masterly manner.

Rev. W. B. Bagwell, of St. Charles, Ky., will begin a series of meetings at the Christian church, here-to-night. Mr. and Mrs. W. H. Nolen and family will leave for the college, for Day Co., Okla. where they will make their future home.

Mrs. Henry Burgess, of Gracely, was visiting friends in this city. Mrs. Minnie Wood entertained a few of her young friends very pleasantly last Saturday evening.

Mr. Ed. Wooten, a well known collector, is president of the Shakespeare and Author club, and at her home entertains often and delightfully.

Mrs. M. Lewis is on the sick list this week. What a pity it is that W. Hardin was not elected last fall. Kentucky would have been saved from the disgrace of a Republican victory upon it by the incompetent Republican gang put in office.

Mr. Mack Davenport and family of the Bellevue neighborhood were visiting the family of John Davenport, last Sunday.

Lt. Gen. Worthington signaled his first day as Acting Governor by pardoning a convict sent up from Casey county for manslaughter.

SUNRISE.

"Dear heart," they said, "the sun is high. Noon came while you were sleeping. 'A-bol the dawn, come and away.' He said, nor heard their weeping. Again he asked the hour of day. 'When dusk was slowly falling; 'Tis cannot be, for far away I hear the robins calling.' And last he said: 'I must arise, For now the morn is breaking. Then closed once more his weary eyes, And knew no earthly way of waking.' 'All through that day his mind was dim,' They said; 'and, knowing That while he lingered here, for him Another dawn was dawning. 'Should you, Higginson, in N. Y. Independent.

A DROP OF BLOOD.

At 11:15 the brigantine ship, Clinton left Philadelphia loaded with four for Spanishtown, Jamaica. It was the 15th of December, and Capt. Ira Drake, her commander, expected to reach his New Year dinner on the island. Everything was auspicious, and with a north-west wind he sailed down the river. He remarked long after that he felt unusually hurried by his parting with his wife and daughter Emma on the wharf, but not being of an imaginative turn of mind, the impressions passed and he saw the tall poplars and red-roofed farmhouses in the Neck fade away under the winter sunset with professional indifference. The ship, Clinton was only 430 tons, and she left port in company with 26 others, foreign bound, most of them square rigged. Mrs. Drake and Emma walked up Second street to their home, which was in the house, then a two-story, afterwards the tea store of the late eccentric John Lamond, who died a few months ago. To be a captain's wife in those days was to hold social position next below the magnates of Society Hill, and Capt. Drake was reported a prosperous man. "Mother," said the daughter, "do you feel any unusual anxiety in parting with father this voyage?" "No, my dear. Don't let such things get into your mind." "Yes, but the Aggie Slade has been out over 60 days, and she's bound for Jamaica, too. Poor Mrs. Folson is just wild about her husband. How I do wish father would give up the sea and stay ashore!" Shipmaster's wives had to have stout hearts in those days; there were perils on the sea then that are unknown now. A West India voyage meant poor charts, dodging among the reefs and rocks of the Bahama banks, northers, hurricanes and more deadly assaults from the desperate ruffians that infested the coast of Cuba and were secretly upheld by the Spanish authorities, who shared in their plunder, and at this time both Tarry and the La Fitter were known to be cruising in the Gulf.

Christmas passed, and on New Year's came on a feeling of uneasiness and dread entered the Drake household. Emma had an additional source of anxiety. San Spain, although only 21, was first officer of the ship, Clinton, and a splendid specimen of the American sailor, and before this voyage he and Emma had exchanged vows. And no poor Emma fretted, and made her mother anxious.

New Year's day, 1796, was cold, blustering, stormy, and the first snow came at early morn at St. John's both women sat down to breakfast.

"For the Lord's sake, Emma, don't tell me anything about your dreams. You make me nervous. Your father and the brig are all right, and when the Quickest comes in we'll hear from them."

Suddenly the mainmast gave a flop. No orders were needed. The topsail yards were muzzled. "Up with the flying jib, trim sheets, round in starboard braces!" was the cry, and the little brig began to surge through the water.

"See! see! the schooner's making sail. Up goes her gaff and foremast. The light's not over, men! She'll cut us to pieces with her long Tom!" Just then came the sound of a heavy gun, and so intent were the crew watching the pirate vessel that they had not seen, half a mile away, a British corvette piling on sail up to royals. She was a flyer, too, and inside of five minutes swept down on the brig, hailed and was told what had occurred.

The pirate craft was intent only on saving her men in the rattle, but it was too late. The corvette ran her down, and at 100 yards gave the men a shower of grape that tore the boat and crew into splinters. The schooner made off, followed by the man-of-war, and disappeared in the southern haze.

The second mate took command of the brig. Her captain had a broken thigh and a shot through his body, while the mate and four of the crew lay dead. The breeze kept steady, and on the 4th of January they came to anchor in Spanishtown harbor. Capt. Drake fired to get well and quit the sea. But before the Christ church chimers rang for another Christmas poor Emma Drake had followed her lover to a better land—Philadelphia Times.

"A Misunderstanding"—"I am, stranger," whispered a western man who had strayed into an uptown theater where the play of "Tommy and Juliet" was going on. "I can't make out a tail of this thing. What's the name of this play anyhow?" "Romeo and Juliet." "Well, if I'd known that," said the disgusted westerner, "I wouldn't have come in. I understood the feller at the door to say it was something about Omaha and Juliet."—Harlem Life.

"Do see a rainbow in a dream foretells a long journey."—

Here her good luck ended. A norther sea in driving them 200 miles off their course, and then head winds blew for a week, so that it was the last day in the year before they came in sight of the Cuban coast, and not over ten miles off Cape St. Antoine the wind failed and there came one of those dead calms peculiar to these latitudes; the sails hung without a shiver and the pennant was as straight down as a yard of pump water. But this was not the worst. Capt. Drake knew that he was in the track of the pirates and was practically helpless to keep away from them, and at this moment he was doubtless signaled off shore to some of their vessels. Everything depended on keeping a stout heart.

His six 24-pound carronades were loaded with grape and kentledge, the arm chest was opened, cutlasses and pistols were served to the crew, muskets were loaded and the cook filled his coppers with hot water, ready to repel boarders. All hands kept watch that night, and in the morning Mate Spain went aloft with a glass. He at once sighted the deck. "There is a topsail schooner lying behind that point of land off the starboard quarter. I can't make any sail on her."

"All right, come down. We'll have breakfast. There's trouble ahead. But there are 23 of us, all good men, and we ought to make a day fight for our lives."

An artful watch was kept at the masthead, and at ten o'clock a hail came: "There's a boat full of men putting off shore. It is a yawl with a tag. She's coming fast under sweep."

The ensign was seized upon down to attract some passing vessel, and all waited and watched. There were not less than 40 men in the yawl.

When it was within about 20 yards of the brig the captain cried "fire!" But as usual two of the carronades missed fire, the other scattered ten feet wide of the boat, and next it swept under the bow, the leader, a white man, springing into the chains, followed by a gang of mulattoes, negroes and Spaniards, all big men. Their captain's head just came above the bow, when he was run through the neck by a pile and dropped overboard, but his men managed to get on the bowsprit and some board. Two of the pirates mounted the channel and snatched in to the waist. The cook, a negro giant weighing 300, rushed at them with a cutlass, struck their guard and hewed them down. A third had grasped the swift-

The Nelson Record has been notified to "stop my paper" by a man who doesn't like its advocacy of free turnpikes. The boycott was who thinks the policy of a newspaper of any character or content can be controlled by such methods as this exists in every county. The Kentuckian has been threatened by him a thousand times during the seven years it has lived and prospered, but it is still in business and carrying out its long-established rule of loving its friends, defying its enemies and pitying the fools.

The Democratic Committee of the Second District, consisting of nine members, will meet at Henderson today to take action on the matter of nominating a Democratic candidate for Congress. All of the indications point to a clear track for Dr. Clardy, who is a candidate for a second term. It is almost certain that the Republicans will pit Lige Sebree against Dr. Clardy again; although the tidal wave of 1894 did not prevent Lige from getting left by 3000 majority, he wants to try it again.

The sentiment for Cuban liberty seems to be on the wane in the Senate. The resolution reported by the conference committee has been talked to death and on Tuesday was recommended. This does not necessarily defeat it, but it shows that the opposition is much more formidable than it was a month ago. Senator Mills delivered a forceful speech abusing Spain Tuesday, which was the feature of the week in the seamy old Senate.

After 77 years of litigation, the Supreme Court has decided that Greer county, Texas, situated in the forks of Red river, is not a part of Texas, but belongs to Louisiana. It contains 2,462 square miles, an area three times as large as Christian county and more than twice as large as the state of Rhode Island. The Choctaw Indians are now preparing to set up a claim to the land and there is to be still more litigation.

Miss Florence Pullman, oldest daughter of Geo. M. Pullman, who is paid \$10,000 a year by her father for naming his sleeping cars, will be married next month to Frank O. Lowden, a young business man of Chicago. She is 26 years old and one of four children who will inherit a fortune estimated at from \$20,000,000 to \$40,000,000.

Several states have held Republican conventions this week. New York went for Morton; Texas for Reed and Allison with McKinley not in it, and Minnesota and South Dakota went solidly for McKinley. Massachusetts will go for Reed to-day.

The Caldwell County News is the name of a new weekly paper that has been started at Princeton by E. R. Alexander and wife. It is Republican in politics and starts out advocating McKinley for President.

It is said that Jack Chinn will be a candidate to succeed "Little Billie" Stephenson in the State Senate from the Mercer district. His son Moran is a member of the present House.

The Georgetown Times, Congressman Owens' home paper, says the Owens Free Silver Bill was introduced in good faith and sober earnest. If this be true, Mr. Owens has seen a great light of some sort.

Gov. Bradley went to West Virginia Tuesday to make a speech and left Lieutenant Governor Worthington in charge as acting Governor for two or three days.

The enormous circulation of such a magazine as The Ladies Home Journal, in a sense, be understood when it is said that during the last six months of 1898 there were printed and circulated over four millions copies—in exact figures 4,068,891. Figures such as these give one some idea of the influence which may be exerted by even a single one of the modern magazines.

WASHINGTON AND HIS MOTHER.

Charges that he was unfilial will be refuted by General Greely.

General A. W. Greely, in considering "The Personal side of Washington" in April Ladies Home Journal, will have to bear interesting light upon him as son, husband, neighbor, business man, slave owner (as he was nearly all Virginia land-owners of his day), and Christian. With respect to the charges that Washington was neither a dutiful nor loving son, General Greely will say:

"There seems, indeed, to have been what may be called an incompatibility of temperament, arising possibly from their possessing strong and similar characters. It should be remembered that Washington's training in the broad schools of politics and war threw him not only in contact with the sturdy, rough humanity of the frontier, but also with the cultured men of all professions, while his mother's life was practically confined to a single Virginia county. To his mother, whose maternal conditions in middle life were, everything superior to those of her early years, it seemed no less than proper that the Colony of Virginia should settle a pension upon her for her son's service, and it took Washington's direct influence to prevent such action being taken by the Virginia Legislature. Nearly every letter of the mother is a complaint of the hard times and the difficulties under which she exists, the inference being doubtless conveyed that Washington was neglectful of her. The determined old lady, then some eighty years of age, persisted in maintaining an establishment, and in conducting a plantation of which she was sole mistress, and which she could not herself manage. At the same time she considered that her son was a banker, who should be drawn out to make good all deficiencies resulting from the loss of her services, and that she should not be a burden to him. These drafts Washington had met uncomplainingly for years, and even then sent her the last money he had in hand. Advising his mother to leave her estate and live with one of her children he offered her a home at Mount Vernon, but as an honest man and filial son he stated clearly the situation and its alternatives. In a house constantly filled with distinguished visitors she must either dress daily for dinner, or come in her ordinary costume (which it is well understood was not suited for company), to the mortification of himself and his wife, or she must live in her own rooms, which would be trying to her. There was no suggestion that she should not visit him. On the contrary, the letter urged that she live with some of her children, if she preferred it, at Mount Vernon."

Deafness Cannot be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the use of the Catarrh Cure. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have ringing sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

MATRIMONIAL.

YOUNG—SULLIVAN.—Mr. Morgan Young, a well-known young newspaper man of Elkhart, was married Wednesday evening to Miss Marie Sullivan of the same place. Mr. Young is a son of the late Zeno F. Young, for many years a well-known publisher here. His bride is the only daughter of the late S. H. Sullivan, prominent in insurance circles and a leading Democratic politician. The wedding was a very quiet affair and while not unexpected was quite a surprise, as it had not been announced.
